Dear Mr. McArtor;

As an expression of appreciation to those schools that have been accommodating teacher interns from Chadron State College, we have a program offering scholarships to select graduates of our cooperating schools. The Cooperating Schools Scholarships are awarded on the basis of the number of teacher interns served. For every 3 student teachers placed in your school district, one scholarship is available to a graduating senior.

We encourage you and your staff to identify and consider those graduates who, in your estimation, would be excellent candidates for the teaching profession. The Cooperating Schools Scholarships represents a joint effort between your school and Chadron State College to ensure quality in our profession. First preference shall be given to students majoring in education, and second preference shall be given to any student based on any major.

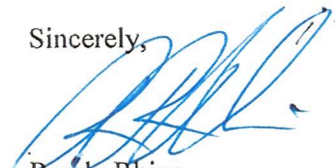

Requisites for scholarship recommendations are as follows:

1. The recipient must have at least a 3.0 GPA on a 4-point scale and/or a composite score of at least a 21 on the ACT test.
2. The scholarship is non-transferable.
3. The scholarship will pay one-half tuition for eight semesters up to 16 credit hours.
4. Please see that this scholarship recipient does not already have a full tuition scholarship with CSC.
5. The scholarship is valid for only five years commencing with the first semester of the school term in the issuance.
6. The awarding school agrees to present the scholarship during commencement, honors day, or other such appropriate occasion

Based on our present formula, your school is entitled to 1 (one) scholarship for the current year. We appreciate your past cooperation and look forward to your continued support in the preparation of teachers to better educate tomorrow's youth.

We ask that you complete the enclosed recommendation forms and return them to us no later than April 15, 2020. If you have questions concerning this program, feel free to call the START Office at (308) 432-6061.

Sincerely,

Randy Rhine  
President
